| 7:00am – 8:00am    | Breakfast   | Magnolia Prefunction          |
| 7:00am – 8:00am    | Registration  | Contessa Ballroom Prefunction |
| 8:00am – 12:00noon | General Session   | Contessa Ballroom             |
| 8:00am – 8:10am    | Introduction  | Allan Kunze, LCRA             |
| 8:10am – 8:30am    | Keynote Address   | Milton Lee, CEO, CPS Energy   |
| 8:30am – 10:00am   | Planning, Reliability & External Relations  |                               |
|                    | <ul style="list-style-type: none"> <li>• Enhanced Process to Address 10% Worst Performing Circuits to Meet PUCT Reliability Standards by CenterPoint Energy</li> <li>• Retail Electric Provider Perspective by AEP</li> <li>• Assessment of 35kV Distribution Systems – Reliability Considerations</li> </ul> |                               |
| 10:00am – 10:30am  | Break   | Magnolia Prefunction          |
| 10:30am – 12:00pm  | Material Equipment, Codes & Standards   |                               |
|                    | <ul style="list-style-type: none"> <li>• DOE Transformer Guidelines – Transformer Design Impacts</li> <li>• Broadband Over Powerlines at TXU</li> <li>• 2007 National Electric Safety Code Changes</li> </ul>   |                               |
| 12:00pm – 1:00pm   | Lunch   | Magnolia Prefunction          |

Thursday, May 10, continued

- 1:30pm – 3:00pm      Workshops
- Planning, Reliability and External Relations                      Anaqua Room
- Load Forecasting Challenges and Techniques in Today’s Environment
  - Challenges to Completing Planning Activities with Fewer Resources
- Materials, Equipment, Codes & Standards                      Cedar Room
- Cutout Failures – Panel Discussion
  - Supply Chain Challenges – Panel Discussion
- Design    Laurel Room
- Relaying Experiences by Alex Ramirez, AEP
  - Unusual Foreign Attachments – Panel Discussion
- Construction, Operations & Maintenance                      Palm Room
- Underground Locating Issues by Scott Mount, Austin Energy
  - Program Management /Resource Issues by Don Stanton, CPS Energy
- 
- 3:00pm – 3:20pm      Break    Magnolia Prefunction
- 
- 3:30pm – 5:00pm      Workshops
- Planning, Reliability and External Relations                      Anaqua Room
- Follow-up to Retail Provider General Session – Distribution Service Provider Comments
- Materials, Equipment, Codes & Standards                      Cedar Room
- Envirotemp & Impacts in Design & Operation of Transformers by Charlie Crawford, TXU
  - Padmounted Switchgear by Ted Schoenberg
- Design    Laurel Room
- TxDOT/Utility Interface Update
  - System Hardening – Panel Discussion
- Construction, Operations & Maintenance                      Palm Room
- AMR/BPL Initiative by Jim Sheppard, CenterPoint, Energy and Mike Navarro, TXU ED
  - Benefits of Thermographic Inspection by Mike Navarro, TXU ED
  - Utility Security Concerns – Panel Discussion
- 
- 6:00pm – 7:30pm      Reception    The Patio at La Villita
- 
- 7:30pm – 9:00pm      Dinner    The Patio at La Villita

Friday, May 11

7:00am – 8:30am

Breakfast

Magnolia Prefunction

8:30am – 12:00noon

General Session

Contessa Ballroom

8:30am – 10:00am Design

- Network Automation Project by David Gomes, CenterPoint Energy
- New Service Delivery Team by Julius Moore, CPS Energy
- TXU Electric Delivery Restructure by Mark Burt, TXU Electric Delivery

10:00am – 10:30am Break

Magnolia Prefunction

10:30am – 12:00pm Construction, Operation & Maintenance

- OMS/Mobile Application by Doug Lambert, San Bernard Electric Co-op
- Distribution Project Management by Chris Oliver, CenterPoint Energy

12:00pm – 1:00pm

Lunch

Magnolia Prefunction

**"Ethics for the Practicing Engineer–Engineering Responsibilities" by Ray W. James, P.E., Ph.D., Associate Professor and Director of Engineering Student Advising and Development at Texas A&M University.**
